

### Checklist: Tactics for overcoming challenges

	Tactic pursued	Implemented?
1.	Avoid prohibitions on protest by using creative protest methods	
2.	Create a message that appeals to many people	
3.	Notify authorities of a protest	
4.	Make use of secure methods of communication and secure networks	
5.	Choose meeting locations strategically	
6.	Develop conflict management strategies and assign individuals with defined roles	
7.	Create a set of unifying core minimum standards	
8.	Carry out training with inexperienced protesters and develop and distribute 'know your rights' manuals	
9.	Organise marshals and safety personnel for mass marches	
10.	Consider the social inequalities and implicit biases present in your movement and hold sensitivity training to address them	
11.	Create strategic collaborations and partnerships	
12.	Conduct advocacy around police brutality and crowd control mechanisms and tactics	
13.	Adopt tactics to create friendly relations with the police during protests	
14.	Develop a strategy for recording abuses of human rights and other unlawful actions taken by states and policing authorities	
15.	Organise psycho-social support for members of your movement	
16.	Develop a media strategy and partnerships with media outlets	
17.	Develop a detailed social media strategy	
18.	Develop and disseminate 'bust cards' to members so that they can contact support lawyers	
19.	Develop a plan to appeal to the international community	
20.	Develop a detailed contingency plan to be implemented if protest leaders are arrested.
